

The logo features the words "COLOR MIX" in a bold, black, sans-serif font. The letter "O" in "COLOR" is replaced by a circular icon divided into four colored segments: red, yellow, green, and blue. Below "COLOR MIX" is the text "GROUP OF COMPANIES" in a smaller, black, sans-serif font. The logo is centered within a large, light blue diamond shape, which is itself surrounded by a white border and dark blue geometric shapes.

EVENTS & EXHIBITIONS

We achieve your event objectives and deliverables through innovation, deploying immersive and unique event experiences. Full event management services are offered across a diverse spectrum of events and conferences. A successful event is the result of measured outcomes, detailed consideration and planning, and we provide you with a dedicated team to tailor an experience to your needs.

We design, fabricate and install trade show displays and corporate interiors for clients in UAE. We put a lot of time and effort into creating a physical booth structure that tells the story of who you are, while conveying a distinctive look and feel that's a natural extension of your brand. CAD software allows us to take that vision and bring it to a point where we can accurately detail how the exhibit will be built.

OUTDOOR

We can design and produce large format graphics for a variety of applications such as Outlet branding, High Quality banners, One way vision, Billboards, Mupis, in a variety of styles and sizes. We can print with printing technology from inkjet to photographic which can be displayed as Mounted, Flexible or Backlit display.

Billboards are the largest, most impactful standard-size form of outdoor media. Located primarily on major highways, expressways or main roads, they command high-density consumer exposure (mostly to vehicular traffic).

FLEET BRANDING

Branding on vehicles is one of the few advertising mediums that people really can't escape – they're stuck in traffic and your signage is right there in front of them. So make sure you get your message across with high-impact and extremely affordable vehicle signage.

We help you increase your brand's image.

We talk your brand's message. We create custom made solutions, for all your design and printing needs. We promise to make your vision a reality. Car wraps, Fleet wraps and all other vinyl wraps, you name it, we deliver it, that's why we now cover more than 50% of UAE's vehicle branding requirements.

SIGNAGE

Architectural Signage, Channel Letter Signs, Custom Signs, Digital Signage, LED Signs and much more. Get the latest, most innovative signs available with a partner you can trust. Our creative ideas and state-of-the-art technology enable us to produce high-quality products quickly and within your budget.

We also specialize in wayfinding signage. Wayfinding is the art of using pathways, landmarks, signage, and environmental clues to help first-time visitors navigate and experience a location without confusion. These clues should be well planned, seamlessly connected and visually pleasing. Our signage is built with robust materials such as stainless steel and digitally printed acrylic/glass to ensure easy maintenance and best durability. You'll find our wayfinding signage across major Government Departments and markets like the Dubai Waterfront which provides easy navigation to key areas for visitors.
